We ask that you share only a portion of this cost, if nothing more than to indicate that you are seriously interested in receiving it. This nominal fee is less than what many dealers ask for a copy of their prices realized list alone.

Enjoy Hard Times More

Collectors will enjoy, and understand, the Hard Times Token series even more as a result of this new catalog which has just been released.

Hard Times Tokens by Russ Rulau is a completely revised and enlarged edition of Lyman Low's classic which first appeared in 1899-1900 (reprinted several times). Rulau, renowned expert in the field of early American exonumia, has designed the new catalog for easy identification of these interesting pieces of Americana. Retained is the original Low and pseudo-Low numbering system.

Featured are:

- Quality Photographs — The finest specimens available were photographed specifically for this catalog. Enlargements permit the collector to readily identify the more confusing issues.
- Accurate Valuations — With the assistance of a special panel of professional dealers, up-to-date and accurate values are assigned to most issues in four grades, ranging from Good to Uncirculated.
- New Discoveries — All the known varieties, including those that were offered in the Garrett Sale, are listed.

The Hard Times series comprises currency tokens issued privately in the United States during the period 1832 through 1844. Either satirical in nature or bearing a storecard advertisement, these tokens are generally struck in copper, although off-metals do exist, and they are the size of the then everyday large cent.

Designs and inscriptions on the pieces often satirized the views of Presidents Andrew Jackson and Martin Van Buren. Such interesting events as the "war" on the United States Bank, Whig campaigns of that era and the Panic of 1837 are found parodied on these pieces.

This 64 page, 8½" x 11" soft cover catalog is available direct from the publisher for only $4.95 postpaid.

Please send me _____ copies of Hard Times Tokens by Russ Rulau. I've enclosed $4.95 for each copy. I understand you will pay the postage.
